

PRESENTED BY

Track 1 Fundamentals

WHEN

February 17, 8.30am - 6.00pm

Registration Starts from 8.00am

February 18, 9.00am - 2.00pm

Registration Starts from 8.30am

WHERE

**Pan Pacific Perth
207 Adelaide Terrace, WA**

YOUR PRESENTER:

Dr Mark Feldman DC, FICC

With over 30 years of chiropractic achievements, Mark combines the best components of clinical practice and teaching excellence in his presentations. His experiences as a Senior Chiropractic Educator (NYCC, CQU) and a busy private practitioner (NYC, Adelaide) has allowed Mark to synthesise the best of both worlds into an entertaining and highly informative weekend. Mark is the Australian Regional Director for Activator Methods International, and one of their top-rated Instructors world-wide. In 2017, Mark was received the award for Activator Methods International Regional Director and the CAA Award for Outstanding Service.

CPD - 12.5 FLA

LEARNING OUTCOMES

Whether you are new to Activator Methods or have been using the system for years, this seminar will enhance your clinical skill set.

In this program, you will learn:

- Reliable leg length analysis
- Basic protocol patterns found on 80% of patients
- Essential upper and lower extremity patterns
- Differentiation of OCC-C1-C2 adjustments
- Integration of Activator Methods into a non-Activator practice
- Latest research regarding the application of Activator Methods
